

Ankit Kumar

Computer Science Engineer

I am a third-year student at Lovely Professional University currently, pursuing B.tech in Computer Science Engineering. I am an ambitious and enthusiastic individual, with broad skills in computer science areas. These days I am working on cross-platform app development.

WORK EXPERIENCE

Technical Content Writer

GeeksforGeeks.org

09/2020 - Present

Remote

At [geeksforgeeks](https://www.geeksforgeeks.org/), I am responsible for the compilation and improvement of technical articles from various domains of computer science.

Achievements/Tasks

- I was acknowledged as the bronze level writer for publishing over [60 articles](#).

Marketing & Promotion Manager

Spade LPU

07/2019 - 02/2020

LPU - Phagwara

Spade LPU is a student organisation at Lovely Professional University. Here my main responsibility was to head the marketing and promotions of the events organised by SPADE LPU by both offline and digital means.

Achievements

- Implemented a viral campaign through digital marketing that increased online subscriptions by more than 50%.
- Successfully cooperated and communicated within the team to deploy a new website with improved performance.

Business Development Intern

Fyraway

06/2019 - 06/2019

Remote

Fyraway is an online education platform. At Fyraway I worked as a "Marketing Intern".

Tasks

- My responsibility here was to promote their courses through word of mouth.

SKILLS

Dart

DSA

Flutter

Linux

Content Creation

HTM, CSS

SEO

PROJECTS

Potfolio : Progressive Web App (06/2020 - 07/2020) [↗](#)

- Made personal portfolio progressive web app ankitkumar.app. It is basically a website that can function as a native application on mobile and desktop.
- It displays my professional information along with my projects and blog.
- Tech Stack: HTML, CSS, Javascript & Bootstrap, Firebase

Cross Platform Exercise Timer App (02/2020 - 02/2020) [↗](#)

- Made a exercise timer application [ExerTime](#) in flutter which function like a native app or a PWA.
- It has the functionality to select the no. of sets and reps. of an exercise along with time for each rep and break in between. Then it accordingly displays a timer for each rep and set and also plays sound at each interval.
- Tech Stack: Flutter, Dart, Firebase
